Clarity Serum

This potent serum uses the power of nature to control breakouts, diminish the look of blemish scars and stimulate collagen production. Combining cleansing tea tree oil with clarifying witch hazel, calming willow herb and stimulating AGP Complex, Clarity's unique, active formula makes this remarkable product a

must for oily and blemish-prone skin

Hydrate

This light, daily antioxidant moisturizer hydrates the skin while helping to protect it from sun exposure. With an advanced zinc oxide and natural antioxidant formula, Hydrate + provides exceptional UV protection without irritating synthetic chemicals

Pure C

100% pure L-ascorbic acid-the only form of vitamin C readily absorbed by the skin-in crystal form, Pure C can be mixed with any cosmetic product or serum to help firm and brighten the skin and prevent premature signs of aging caused by environmental damage.

Purity Balance

Defy

Using three, chirally correct AHAs, this calming, all-natural exfoliator delivers nutrients deep into the skin's layers to refresh and revitalize maturing skin. Safe and effective for all skin types, Defy is especially beneficial for damaged, dehydrated and asphyxiated skin

Mystic

Utilizing heavy water (D2O) in place of pore-clogging oils, Mystic is a superior moisturizer for oily and blemish-prone skin. Applied mornings or throughout the day as needed, this refreshing mist offers intense hydration and protection for sensitive and problem skin and can also be used to set mineral makeup

Pure Enzyme

This gentle, exfoliating mask harnesses the natural power of cranberry enzymes and lactic acid to tenderly scrub away facial impurities and decongest blocked pores. As active ingredients exfoliate, protect and revitalize the skin, potent, oil-free moisturizers

add a dewy softness to blemish-prone skin.

Purity Clean

Purity Balance's natural cleansing and clarifying ingredients remove impurities from the skin and encourage healthy sebaceous activity. Combining cleansing tea tree oil with two high powered exfoliants-lactic acid and salicylic acid-this

stimulating tonic soothes, cools and revitalizes oily, breakout-prone and sun-damaged skin.

Purity Clean is a concentrated, exfoliating cleanser infused with peppermint essential oil to cool the skin and stimulate circulation. This refreshing cleanser penetrates deep, eliminating cellular debris, decongesting pores and hydrating, to keep normal to oily skin healthy and glowing.

Serious Protection

Whereas most conventional sunscreens only protect against surface, sun-burning UVB light, Serious Protection's guard extends to deeper skin layers vulnerable to photoaging. Containing a non-irritating, chemical-free, titanium dioxide and zinc oxide formula, this broad spectrum solution effectively shields

against both UVA and UVB light to keep skin naturally safe.

Reflect

The first titanium, non-chemical, spray-on sunscreen on the market, Reflect offers broad spectrum SPF 30 protection in a non-irritating, oil-free formula. Combining micronized titanium dioxide-nature's own sunscreen-with two skin-specific antioxidants, CosMedix brings spray-on convenience to broad UV

protection.
